Price list

High Grade Fruit, Shade and Ornamental Trees, Plants, Vines  
Shrubs, Roses, Etc.

We have many varieties of Fruits and Ornaments not listed in our Catalogue. Write us about anything you do not find therein and we will be pleased to quote you prices.  
Our stock is the best, our prices are right, and we send out nothing that is not up to a high standard of quality

## JUST A WORD ABOUT QUALITY AND PRODUCTIVENESS

---

We bud and graft from vigorous, prolific trees, thus securing the best and most fruitful strains and consequently the earliest coming into bearing and far more profitable orchards after reaching the bearing stage. In thus taking buds and scions from bearing trees we are also propagating young trees of known parentage, and the chance of such stock proving untrue to name is next to impossible.

We have here in our "loess" soil, what Government and State Geologists pronounce beyond question the best soil and sub-soil in the world for growth of the best root system and tree development.

Having been engaged in nursery business and commercial orcharding during our entire life (three years of which were spent in the employ of Park College at Parkville, as Superintendent of Horticulture), we ought to know good fruits and good fruit trees.

Our aim is to handle only the best of everything; best grades and best varieties. Life is too short to waste any time in unnecessary experiments. The best stock is always the cheapest in the long run.

WE GUARANTEE safe arrival and prompt delivery in first-class condition. We replace all stock failing to grow the first season, when given proper care, at half catalogue prices, the following season.

We exercise the greatest care to have all stock pure and true to name; and the chance for an error is reduced to the minimum. In case of mistakes, should any occur, we will replace any trees, plants or vines that prove untrue to label, free of charge, or refund the purchase price of such trees, etc., but will not be responsible for any amount beyond the original purchase price of such trees, etc., as are untrue.

OUR STOCK has been duly inspected, and we give a certificate of inspection by the State Entomologist with every shipment we make.

Yours truly,

MURRAY NURSERIES.

**TERMS** are cash on delivery of stock, unless expressly agreed otherwise. Parties unknown to us should send remittance or reference. No charges made for boxing or packing. We deliver all shipments f. o. b. at depot at Oregon; purchaser invariably paying transportation charges, unless otherwise agreed. Claims for errors or damage (should there be any), must be made within ten days after receipt of stock. Prices herein cancel all previous lists and quotations.

SENATOR DUNLAP  
STRAWBERRY

**REFERENCES:** As to our responsibility and reputation for promptness and square dealing, we refer those who may not know us to the Zook & Roecker Banking Co., Oregon, Mo., or to any business house in Oregon.

BURBANK PLUM
